Fianna Fail have bankrupted the country:

Rise up against this bankers Government

The cost of bailing out Anglo Irish Bank alone will be up to 34 Billion euro. The total cost to the taxpayer for the bailouts is now to rise to over 50 Billion euro. Ireland is now the focus of the world's attention as Fianna Fail's economic strategy falls apart.

The more money they have taken out of the economy the more our deficit has increased. Fianna Fail's answer? Take more money out of the economy. To repeat the same action over and over and expect a different result is the definition of madness- but this madness must end! The social cost for the working people of this country has been and is bound to be catastrophic. Lenihan is already stating that the upcoming budget will be more vicious than previously planned.

We have a to say loud and clear that we should not be asked to pay for the criminality of a few dozen bankers, a few hundred developers and their friends in the Dail. We should let the international bondholders take the pain- they gambled, they lost- let them pay their own debts!

In South Africa public sector workers went on strike and won a 7% *pay rise*. In France there have been millions on the streets to prevent a raising of the pension age. In Spain a general strike and massive protests. In India 100 million workers downed tools!

Not every battle wins- but when you fight you have a chance of winning. When you retreat, as the Irish trade union leaders have done, you demoralize people and are *bound to lose*

We need everyone out on the streets, unemployed and workers, on ***Saturday Nov 13th 2pm Parnell Square***- the next day of action called by the right to work campaign. We just can't afford to wait until the budget to start the fight.

We also need to stop the rot in the unions with a new strategy. We need to put down motions in branches wherever we can calling for a ***one day warning strike before the budget.*** This government is weak- it was only the cowardice of the union bureaucracy that gave them the strength to carry on- and the SWP are determined to finish them off. We will not bow down to demoralization- we will not stop fighting. If you agree then you should join us now! ***Text JOIN to 0863074060. Come to the meeting in the Shamrocklodge Pub on Oct 13th.***
